

Education system – Taiwan

Taiwanese transcripts may show letter grades or percentage grades. The pass mark for undergraduate courses is 60% and 70% for postgraduate courses.

To ensure you use Postgraduate Coursework Entry Score Calculator correctly, UNSW recommends you follow these guidelines:

1. Transcripts with percentage grades

Here are the steps for calculating the entry mark:

1. Go to the [Numerical grades](#) calculator
2. Enter the maximum mark possible (normally 100)
3. Enter the minimum passing mark (usually 60)
4. Calculate the average mark by adding all of the marks on the transcript and dividing by the number of units.
5. Enter the average mark.
6. Click the button to calculate the entry mark.

2. Transcripts with letter grades with no accompanying number grades

Here are the steps for calculating the entry mark:

1. Go to the [Non-numerical grade](#) calculator
2. Enter each possible grade name (see below)
3. Enter the range of marks for each grade (usually shown on the back of the transcript)
4. Enter the count of each **grade** type on the transcript
5. Enter the grade name that represents the minimum passing grade (usually C)
6. Click the button to calculate the entry mark
